MEMORANDUM FOR:

ATTENTION:

SUBJECT: The Publication, Wanted by USSR  
During 1965.

25X1A9a

1. [REDACTED] has made inquiries concerning the publication by the Flegon Press entitled, Wanted by USSR During 1965 and reports that the Soviets have disclaimed any official connection. The February issue of their Foreign Trade journal had a disclaimer and Izvestiya of 21 February 1965 criticized it.

2. The figures given in the referenced publication appear to be based on the 1963 published import figures recalculated by someone with knowledge of likely future trends. Certain figures were substantially increased accordingly. Thus, the so called "requirements" are not official and should be used with care.

3. Attached is a note from Don asking a question about a source.
